

Lisburne school- January 2023

NEWBUILD NEWS

Happy New Year!

We hope you all had a fantastic Christmas and New Year. On the run up to Christmas the progress at the new school site was evident to see...

Whats new

As you can see from the image above there is clear progress on the outer parts of the school building. The brickwork is now in place and ready for the wooden cladding to be added above. All external windows and doors have been fitted and allow the inside space to be highlighted with natural light.

Get in touch

If you have any questions or queries regarding the new build we will endeavour to answer these where possible. Please get in touch by emailing:
newbuild@lisburneschool.stockport.sch.uk

Internal progress

Within the three school buildings the staircases and lift access are all in place. This will allow all staff pupils and visitors to be able to navigate around the whole school site safely.

Teaching and learning spaces

All three buildings now have most internal walls built, plastered and base coated. The buildings are now showing a clear structure and we are able to see the classroom, teaching and learning spaces taking shape. As you can see from the images above, the space available is going to be incredible to enhance the learning opportunities available to all children at Lisburne school.

We look forward to seeing these areas develop in the coming weeks.

Outdoor space

We have a vast amount of outdoor space which is going to be exciting and inviting for all of our children. The views from the classrooms are incredible and we cannot wait to see the progress in the coming weeks and months.
